

Virtual life at the Europa-Universität Viadrina

Email, Eduroam, VPN, Moodle

E-Mail-Account

The [university email account](#) should be used for communication between students and lecturers!

You can use the authorizations also for:

- Registration at the HISinOne portal [viaCampus](#)
- Registration for the learning management system [Moodle](#) and the e-portfolio system [Mahara](#)
- [W-LAN](#) access

Attention: Please change your password every 230 days for security reasons!

Support: mail-support@europa-uni.de

Eduroam (WLAN)

Students and employees of the university can connect in Germany, Europe and worldwide via “eduroam” to the internet at all scientific institutions that support "eduroam".

Learn more: ikmz.europa-uni.de/wlan

The authentication takes place with your Viadrina-**username** and the addition **@europa-uni.de** (e.g. eu123456@europa-uni.de)

Support: wlan-support@europa-uni.de

VPN Support

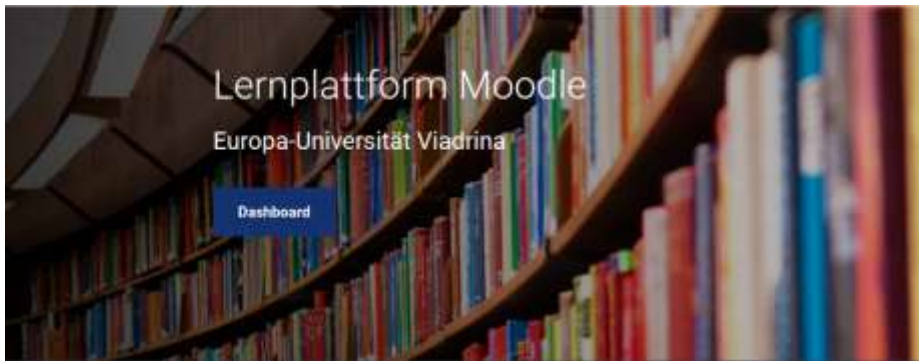

Why do I need the VPN access as a student?

- **Viadrina internal websites and documents**
- **University Library: external subject database**
- **Other Viadrina internal services or informations**

To set up the *VPN* access: ikmz.europa-uni.de/vpn

Support: netz-support@europa-uni.de

Moodle

In our learning-management-system moodle you can find informations, activities and learning material for your courses:

<https://moodle.europa-uni.de>

Good to know:

App: Google Play Store / Apple Store - Moodle Mobile

Tutorial: [Quick Guide to Moodle](#)

Support: elearning-support@europa-uni.de
